Contact [NaturalInsight Support](#) for help.

Tips:

Passwords are case sensitive, which means that "Mary Contrary - 96" and "mary contrary - 96" are not treated the same.

User Names can contain spaces, but they are ignored. For example, if your user name is "Mary Contrary - 96", then you

can type in "Mary Contrary - 96" or "MaryContrary-96" and both will find your user record.

If you received an e-mail with your sign-in information, try copying the information from the e-mail and pasting it into the NaturalInsight Sign-In screen.
